

2024 The 2nd International Conference on Geosynthetics and Environmental Engineering

ICGEE

Busan, South Korea
April 19–20, 2024

ICGEE2024 combines Academia with Industry to adapt scientific achievements into practical applications in the field of Geosynthetics and Environmental Engineering. The 2nd ICGEE will continue to promote relevant engineering research and applications in a vast range of topics, including Geosynthetic applications and sustainability, Civil and Structural Engineering, Environmental Engineering and Science.

Publication

All accepted and presented papers will be published in the conference proceedings and submitted for major indexing services like EI-Compendex, SCOPUS, etc.

Important Dates

Submission Deadline: March 5th, 2024
Notification Date: Within 2 weeks after submission
Registration Deadline: April 7th, 2024
Conference Date: April 19-20, 2024

Submission

Email: cfp@icgee.com
Submission System:
<https://www.icgee.com/openconf/openconf.php>

Call For Papers

Track 1: Geosynthetic Applications and Sustainability
Track 2: Civil and Structural Engineering
Track 3: Environmental Engineering and Science

Keynote Speakers

Prof. Han-Yong Jeon
Inha University, South Korea

Prof. Song Feng
Fuzhou University, China

Prof. Joonhong Park
Yonsei University, South Korea

Assoc. Prof. Haoliang Wu
Sun Yat-sen University, China

Prof. Haijian Xie
Zhejiang University, China

Assoc. Prof. Sharifah Akmam Syed Zakaria
Universiti Sains Malaysia, Malaysia

Prof. Jorge G. Zornberg
University of Texas at Austin
United States
